

Westmarch

Letter from our Prince:

I am Prince Deimos, and I have had the pleasure and honor of being elected to a 2nd term as Monarch of Westmarch. Attached to this missive you will find the audit package for the Principality of Westmarch for the period of January 2010 to June 2010.

During this period, Westmarch has been host to a successful SKBC 2010 and another successful Darkshore event put on by one of our Duchies, Wavehaven. As our audit package indicates, most of our core lands have experienced slow and steady growth, and most parks are having new blood at the reigns. Thor's Refuge, our Sacramento barony, is experiencing strong growth and is fostering new leadership under the guidance of some very wise and experienced Amtgarders. Some chapters had experienced some rescission earlier in the year, but appear to have recovered nicely.

The core lands all had Excellent or Passing ratings, with the only 2 Passing scores having each only missed one item. Our Southern lands had previously been experiencing some difficulty, but are on the road to recovery. The Southern lands are working together with the future goal of attaining their own Principality. In the interim, they are working to support each other, and are trying to meet once a month to play together. Siar Geata narrowly missed a Passing rating, having had their interim PM attempt to salvage an audit package from several non-responsive past PM's. Eldritch Hills is picking up steam and has a long-lost member or two returning. Silver Sun is making attempts at rebuilding. Sadly, Crimson Sanctum has been labeled "Inactive" by the Board of Directors due to lack of audit packages from the last 2 auditing cycles, as well as a statement from their last acting Monarch that the park no longer meets on a regular basis, nor is there an active monarchy.

Westmarch continues to strengthen itself and gather experience in preparation for its eventual Kingdom bid. One of our Baronies, Thor's Refuge, is on the cusp of qualifying for a promotion to Duchy, which would bring Westmarch's core to 3 duchies. In addition, the Shire of Ashen Spire is on the cusp of qualifying for Barony promotion. If both these promotions are made, it would bring the core of Westmarch to 3 Duchies, and 3 Baronies. In the interim, Westmarch is looking forward to Feast of Mars in September, as well as enjoying a monthly battlegame scenario that has so far incorporated travel to Thor's Refuge, Crimson Wood, Wavehaven, and is scheduled to visit Seven Sleeping Dragons, Ashen Spire, and Wyvern's Spur. The southern groups are planning a joint Southern coronation in November that involves a campout and themed games.

What makes Westmarch great, is that we have a great group of people coming together to play Amtgard. If you have not had the opportunity to come out and visit, I highly recommend doing so. Come join us at Feast of Mars and enjoy some of the great company that Westmarch has to offer.

Thank you for your time, and I hope the audit goes as smoothly as possible.

-Deimos
