Thank You cards from Students	51

Greetings from the Duchy of Crimson Wood:

We would like to take this time to thank the Kingdom of Dragonspine and Principality of Westmarch for their continued support to our chapter over the last year.

During the last year our chapter has had some activities that I would specifically like to highlight. First is that we were granted Duchy status by the Kingdom of Dragonspine. Second is that Crimson Wood hosted Feast of Mars III in September 2007, which has been the second most successful reoccurring event in Northern California. Third we had a successful campout in September of last year. In May 2008 we lost our Regent to work commitments. In June we elected William of Wolfscarin to replace Sirrah Elspeth as our Regent.

We have also been active in recruiting. We had some of our members participate in the Amtgard Demo at DunDraCon in February of this year. This did not gain any new members for Crimson Wood, but did help other areas of Westmarch. We had a table at SebastaCon in March 2008, which has gained us one new member.

In May 2008 we participated in a Middle School Renaissance Fair in Sebastopol. The first week we instructed the students how to make four in one chainmail. The second week had different schools and we did the same Chainmail workshop along with a fighting demo. The organizer of the Renaissance fair informed us that the chainmail workshop was one of the most popular stations. Many of the students created thank you cards that were sent to us. Scans of these thank you cards start on page 51. Our participation in this event gained us 8 new members the following week.

In addition to our direct recruiting efforts we encourage our members to recruit friends. To help provide incentive we give 2 extra credits to any member who recruits new members that show up at least 4 times. This must be done outside of normal recruiting events, but it does help us get new members. All of our recruiting efforts have resulted in 25 new members sign waivers between May 31st and July 24th.

Crimson Wood is a stable Duchy that pulls between 15 and 35 members most weeks during the last year. Our monthly population base has ranged between 37 and 55 during the last year. This is without counting the visitors from other lands that show up from time to time. During the winter we had some reduction in numbers and had to even cancel one week due to the heavy rain. We continue to have a large portion of our members show up once or twice a month. In an effort to align our schedule with the rest of Westmarch our current reign is being extended until September 27th.

Sincerely,

Duchess Pigpen

Prime Minister Sir Blackthorn

Dear William & Kim,

Thank you so much for your presentations at the Renaissance Faires! They were complete hits, the kids and adults loved them and are still talking about them. Chainmail was one of only two workshops that was mentioned in all 3 newspaper articles. Thank you also for the necklace you gave me! I've worn it twice to Partys and got compliments both times. warmly
Andria

Days of Renaissance relived in outdoor one-day classroom

Brook Haven, Twin Hills middle school students go back in time in full costume

by Kimberly Kaido-Alvarez
Sonoma West Staff Writer

It was a blast from the past. Stripped of trendy clothes, iPods and cell phones

seventh and eighth graders moved in groups called guilds. Posing as butchers, bakers and candlestick makers, Brook Haven and Twin Hills

students got a taste of what renaissance life was like.

Under the oaks and in grassy meadows, classes were held at Ragle Ranch in Sebastopol last week, where 211 students celebrated a renaissance day.

"I love doing this," said organizer and former Brook Haven teacher, Andrea Hagan-Schmitz. "The students do exactly what the kids in the middle ages would do. It is living history, and a lot of fun," said Hagan-Schmitz.

Hagan-Schmitz, attended the event in full costume. She used an air horn to move groups of students, who were spread out over acres of land, from one activity to the next.

"Every year is so different. I organize it and set it up but then it just takes off on it's own," said Hagan-Schmitz, who has been managing the event for 10 years. Each year Hagan-Schmitz seeks out the

few unique individuals who still practice ancient arts like knighthood and the construction of chain mail, a form of armor.

Making chain mail was seventh grader, Avery Carter's favorite part of the day. "It was pretty fun to link different patterns together and make my necklace connect." Carter was mastering the game of walking on stilts when he took time out to share his thoughts on the event and demonstrate his knowledge of the medieval time period.

In knickers, a white shirt with billowing sleeves, and the chain mail necklace he had just constructed, Carter explained, "The renaissance period took place right after the plague in Europe and I thought it was pretty cool that during this time the labor force demanded better pay for their work."

DAYS OF YORE — Students representing medieval guilds march into Ragle Park.

Kimberly Kaido-Alvarez

Students experienced a taste of what the labor was like back then. Activities of the day included a lot of making. Candles, pouches, and armor were some of the hands-on crafts that took place throughout the day, but there was plenty of fun as well.

Beneath the oaks students sat at wooden picnic tables and learned the game of chess. In a wide open meadow they studied English dancing, and at the medieval lunch they dined upon barbecued Willie Bird turkey, drumsticks, fresh fruit and vegetables.

Combat Skill

Dear Amtgard,

We enjoyed the fights and battles that took place. The time you gave us in this activity was worth it. We learned that there are a lot of organisations that actually fight over "kingdoms"

I totally enjoyed sparring and laughing my ass off. I learned about combat moves. My teacher Ryan

I loved that we were able to duke each other. Nicholas

Thanks so, so, so, so, so much!
I had a lot of fun fighting my classmates (and teacher!) in a safe manner!

Combat

Dear Combat people,

We really enjoyed you showing the techniques for fighting. Even those

foam sticks were great use of resources.

Letting us just smash each with the

foam sticks and getting all the energy out

of us. Being with you guys was a

blast. I wish it could happen

again.

Sincerely,
