To the Board of Directors of Westmarch

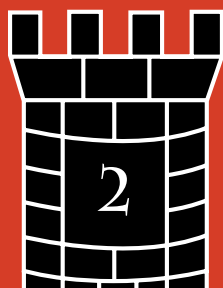

Normally a monarch would write here to identify all of the wonderful things that the land has done over the term. They would identify the exceptional activities and superb products. But you already know about those. Realistically, the land has coasted by. Our numbers are down from 97 unique sign-ins per month, to only 91, and our populace is taking a bit of a break after the big push to Duchy. We are still the motivated land you have come to love.

That being said, I would like to explain some discrepancies you will probably notice on this audit. First, the bank account was frozen and locked out due to suspicious activity. The Prime Minister at the time identified the account had been "hacked". We have requested a full record set of the account and will review the activity to determine if further action needs be taken. At this time, our records show \$151.08 to be unaccounted for, and Wells Fargo has been supportive. I will continue to seek information. Additionally, two sign-in sheets were lost in the transition between Prime Ministers. While this is unfortunate, we were able to pull the numbers from the ORK, and those are the only sign-in sheets missing.

While this has been eventful, I would like to close by putting in a statement of support. Thor's Refuge will continue to drive the future Kingdom of Westmarch as we progress, and we will continue to take an active leadership role in the future of the combined lands. May Westmarch prosper and come to Feast of Mars!

Signed,

Baron Squire Hannoske-sama, Duke of Thor's Refuge
