

Amendment Changelog

The Kingdom Corpora was revised from the Principality Corpora by the Corpora Committee created by Sir Euric Bloodstone, Prince of Westmarch. The revision and additions for Kingdom were completed March 3, 2012 (v1). The Kingdom Corpora became live when the Amtgard Circle of Monarchs voted to elevate the Principality of Westmarch

to Kingdom at the Gathering of the Clans on Saturday, July 27, 2013. The following is a changelog of amendments to that document since then:

- [April 6, 2015](#): Five items voted on at one go to add structure for events, change credits to comply with the version 8 Rules of Play, make Board of Directors elections more strict, and add structure for removing Core status to a land which is demoted down to Shire. (v1.1)

On December 16 of 2015, King Kalevra Fallstar I called together a new Corpora Review Committee to find places where the Kingdom Corpora could be further fine tuned and to solve some of the issues that operating under the corpora for over two years had uncovered. The following amendments are those recommended by the committee:

- [April 18, 2016](#): Three items voted on that were added to the back of the Kingdom Monarchy election. These changes were mainly clarifications and rewording of existing text to read better and to better reflect the realities of the Kingdom, ie: having parks outside of California. (v1.2)
- [August 16, 2016](#): Ten items brought before the Althing from the Corpora Committee. While most were minor changes to bring the corpora inline with reality and the Rules of Play, major changes included quarter credits for scheduled A&S meetings, adding the responsibility to the Regent of keeping track of the
 - Kingdom's/park's property, and mandating that the Prime Ministers obtains new waivers from players every three years at least. (v1.3)
- [October 26, 2016](#): Eleven items with many small rephrasings and clarifications. A couple of notable additions: allowing the monarchs of local groups to appoint class guildmasters and other un-codified positions as they see fit and allowing a GMR to recycle a previous GMR's tests with permission and verification that the tests are still accurate to any rulebook changes. (v1.4)
- [November 9, 2016](#): 23 Corpora amendments were voted on, but only 22 obtained the requisite votes. All having to do with Article VI: Crown Qualifications. Most were clarifications and rephrasings to make more sense. Major changes included mandating that pro-tem officers pass reeves and corpora tests, and some small changes to how judging is done, particularly in regards to the Rose category. (v1.5)
- [December 12, 2016](#): 12 Corpora amendments, including the one amendment that failed to pass from the November Althing were voted upon. With the exception of that resubmitted amendment, all the remaining amendments pertained to Article V: GOVERNMENT. Highlights include clarifications to reflect how the Kingdom has been ran in regards to online presences, clarification to the promotion, demotion, and other changes to a land's status within the Kingdom, allowance for weekday lands to be involved in the voting process, and other small clarifications to the text. (v1.6)
- [August 8, 2017](#): Althing included seven Corpora amendments. First amendment dealt with how abstentions were handled within the Circle of Knights and the rest of the amendments dealt with Article VII: EVENTS. Highlights include adding funding and a fee schedule to bids, adding Darkshore, attempting to add Westmarch Wars, and making small modifications to the automatic banking of proceeds and expending of proceeds on storage for both Feast of Mars and Darkshore. The Article VII were from the last of the amendments voted on from the December 2015 Corpora Committee. (v1.7)
- [September 7, 2017](#): This Althing included a second take on adding Westmarch Wars to Article VII: EVENTS.
 - Just this time the verbiage requiring WMW to include midreign was removed. (v1.8)

The September 7, 2017 Althing marked the end of the second Corpora Committee's suggested amendments. The following Althing dates had corpora amendments:

- [November 7, 2017](#): Two corpora amendments were included with this Althing. The first was to adjust the verbiage for land audits in Article IX to refine the definition of "Proof of advertising" as required for the biennial audits. The second was to allow the option of dropping the highest and lowest scores in the Cultural Tournament for Qualifications and Midreign. (v1.9)
- [May 6, 2018](#): Two corpora amendments were the subject of this month's Althing. First amendment was to legislate the dissolution process for a park's funds when the park stopped meeting. The second item was to define the biannual land audits period definitively within a calendar year. A note of historical interest: this was the first Althing with a corpora amendment to include votes from Sponsored lands as well as Core thanks to the Non-Core Voting Trial that went into effect after the January 2018 Althing. (v1.10)
- [July 17, 2018](#): Two corpora amendments again for this Althing. First amendment altered the lands contract portion of the corpora to swap out "Mundane name" with "Legal name", "Persona name" with "Signature", and clarify which Westmarch officer should sign which line. This first amendment passed. The second amendment was to alter the qualifications of Guildmaster of Reeves, which ultimately failed to pass the required vote. (v1.11)
- [September 9, 2018](#): A flurry of amendments. First dealt with officially changing the waiver used by all the Kingdom groups and adding it to the corpora thus requiring a corpora amendment to change it in the future. The next amendment added more subcategories to the Quals and Dragonmaster A&S tournament. The third item amended how the Guildmaster of Reeves is elected. (v1.12)
- [February 6, 2019](#): The long awaited Sponsored Lands Voting Rights amendment was finally put to the test of the Althing and passed. This gave the Sponsored Lands (those non-Core and/or outside of the 250-mile Core Land perimeter of Gilroy the opportunity to vote in Kingdom-wide Althings, making the name of those Althings more correct. A bevy of amendments across several Articles which enabled non-Core lands to pay tithes, vote in Kingdom Althings, and even put forth candidates for certain Kingdom positions. (v1.13)
- [March 6, 2019](#): This Althing had just the one corpora amendment, which ended up falling just shy of the $\frac{2}{3}$ of all voting members requirements to pass. It was meant to change Westmarch Wars to a November event
 - and for it to host the Winter Reign's coronation. Also required the announcement of the winning bid at least six months in advance, bringing Westmarch Wars inline with other Westmarch events in this regard. (v1.13)
- [May 8, 2019](#): This Althing had two amendments included in it. One passed while the other fell just shy of the required $\frac{2}{3}$ majority. The first change was to how lands were considered for promotion after two or more "excellent" ratings for their regularly scheduled six month audits. The second amendment was to add a
 - one-line mandate for Althing votes to have a "reasonable expectation of anonymity." (v1.14)
- [August 7, 2019](#): The August Althing had two Corpora amendments included. The first was a straight-forward removal of Westmarch Wars from the Corpora, making any further iterations of the event a local level event. The second amendment changed the approval requirements within the Circle of Knights for approving new Knights into the circle.

October 2019: Althing had several corpora amendments: adding the Order of the Crown, removing Gilroy as the basis for travel credits, removing core status, update how crown quals are handled.
- [January 17 2020](#) had one item, regarding northern and southern crown quals.
- [March 2020](#), there was one planned amendment to update masters to paragons.8/2021 I can't verify this occurred. ~dz
- [April 13, 2020](#): Again a variety of amendments. A vote was made for emergency situations, and several options for changing competitions regarding quals.
- [May 10, 2020](#): Following Iron Mountains (I think ~dz) we voted on adding the Order of the Tactician.
- [Oct3, 2020](#): The Code of Conduct Handbook was presented as an official addendum to the corpora
- [Oc13, 2021](#): 2 updates to the Emergency Contingencies section were passed, regarding lifting provisions, and regarding records. The contingencies in the Prime Minister position were expanded to avoid gaps in the position being filled. The order of the Tactician, added May 2020, was changed to Order of Battle to match the new path to Knighthood.

- [Nov9, 2021](#): 2 amendments were passed: GMR was moved from other positions to monarchy, and knighthood criteria were updated to match the Rules of Play.
- [April 11th, 2022](#), 1 amendment passed removing the requirement for copies of attendance sheets for audits.
- [July 7th 2022](#), 2 amendments were passed: changing times from midnight to 11:59:59pm, and updating attendance credits & bonus credits to match Rules of Play. An amendment to decouple quals from running for office failed.
- [August 11th. 2022](#). 2 amendments were passed: adding Smith to the list of awards the regent may award, and modifying termination of membership to more closely match the rules of play, including the coc, and offering a method for suspending a monarch, prime minister, or regent.
- [September 2022](#): Amendments all passed, clarifying types of membership, updating Westmarch Event definition, and updating class masterhood terminology to paragon.
- [October 2022](#): Several amendments were passed: updating quorum to reflect lands that don't submit tallies repeatedly; allow populace to add items to althing; add wording for the kingdom to terminate land membership, update several formatting issues. Amendments that failed where an increase to reign length to have overlap; add back core and sponsored lands
- [November 2022](#): about 40 amendments were submitted. Many addressed formatting. Others address GMR, COK, Qvals, removal of scheduled audits, adding Grand Duchy, updating the contract.
- January 2023: 4 proposals were voted on. Removing dues paid requirement for the BOD failed. Open book reeves tests, removing Order of the Hydra, and allowing Grand Duchies to award Paragon passed.
- [March 2023](#): 7 items submitted, all but the last passed. Passed were amendments to required Grand Duchy offices, removal of reign limitations on Masks, allowing regents to award Masks, allow regents to award Masks, consolidating Facades into Masks, allow more frequent Jovius, and add Circle of Paragons. Changing attendance requirements did not pass.
- [October 2023](#): 4 corpora proposals were submitted: Renaming Feast of Mars to Feast of Gods to reflect the changing pantheon, updating the waiver to say 'Participate with', reformat the corpora and move from a Word Document master to a google document master with minor functional corrections, or reformatting and moving without the functional corrections.
- [November 2023](#): Creation of an IT team, updating champion duties, adding Knight of Battle (appears to have been missed in prior update), updating Dues Duration (necessary wording had been removed in a prior update), and expanded Dragonmaster notification passed. Adding a Senator position failed.
- [January 2024](#): 2 corpora proposals were added to an allthing with other business. Item 3 asked to remove requirements for protem park officers; item 4 limits orders of the crown for protem officers. Item 4 was removed from the ballot.
- [June 2025](#): 10 corpora edits were proposed, most fixing edit errors over the years. The first clarified PM requirements. The second clarified COM: WM-COM and AICOM. The third removed previously missed references to removed Qvals and related items. #4 and 5 corrected numbering. The 6th is to remove recording of PII. The 7th updates the number of knighthoods to reflect the current RoP. The 8th returns the A&S categories and judging. The 9th merges two sections regarding termination of lands. The 10th makes Orders of the Mask more attainable.

Proposal 1, section 3.1.3, permitted limited holding kingdom and local office

[Proposal Description]

Amend the Westmarch Corpora to allow the Kingdom/Principality/Grand Duchy Champion and GMR to also hold local office.

[Current Text]

3.1.3. No person may hold more than one (1) of the offices of Monarchy at any level of Westmarch concurrently.

[Proposed Text]

3.1.3 Except as noted below, no person may hold more than one (1) of the offices of Monarchy at any level of Westmarch concurrently.

3.1.3.1 The Champion and GMR at the Kingdom, Principality, or Grand Duchy level may also hold a local office, but may not hold more than one (1) of the aforementioned offices.

[Reasoning]

Westmarch often struggles to fill all of the kingdom officers with candidates in a timely manner. The lands of Westmarch are largely Shires, run by experienced, devoted officers, some of whom would like to still contribute to kingdom leadership. Opening up KGMR and Kingdom Champion to them increases the pool of eligible candidates. Their duties at the Kingdom level are important, but limited, and often overlap with local responsibilities (such as writing the Reeve and Corpora tests). Other kingdoms already allow some kingdom monarchy to simultaneously hold local office, including Desert Winds, Iron Mountains, Blackspire, Rivermoor, Golden Plains, Tal Dagore, and 13 Roads.

1. Removes references to Active knight and replaces with Voting Eligible

This proposal retains the current bar of passing with 50% yes vote. But it lowers the 100% quorum (by a different name) to a much more achievable quorum, while keeping the intent of getting the vast majority of knights voting.

Also, "Active" is never defined, so removed that. Vote eligible should be sufficient, as that already requires attendance credits.

Current

4.4.3.3. All knights who are both Active and Voting eligible, must be consulted and vote on a candidate.

Proposed

4.4.3.3. All knights who are Voting Eligible, must be consulted. A 75% quorum is required for the vote.

2. Replace old Month of Crown reference with modern Time of the Crown

[Proposal Description]

"Month of Crown" is an old term that was removed when the old crown qualification process was removed. It was replaced with the "Time of the Crown". This is an update to the wording to align it with the rest of the Corpora.

[Current Text]

3.6.10. The Guildmaster of Reeves:

3.6.10.1. Must make at least two (2) Reeve and Corpora tests available during the Month of Crown. These tests must be made available for local chapter's Guildmaster of Reeves to proctor.

[Proposed Text]

3.6.10. The Guildmaster of Reeves:

3.6.10.1. Must make at least two (2) Reeve and Corpora tests available during the Time of the Crown. These tests must be made available for local chapter's Guildmaster of Reeves to proctor.

[Reasoning]

Removes old wording to use the new modern wording and helps with clarity.

[Voting Method]

Yes/No/Abstain (Requires 2/3 supermajority)

Item 2: 68 in favor 3 against and 10 abstains, 84% in favor

3. Change requirements to strip a knights belt

Current

8.4.9. A knighthood may be removed by a 2/3 vote of the Circle of Knights, a 2/3 vote of the Kingdom Althing, and the approval of the Kingdom Monarch.

proposed

8.4.9. A knighthood may be removed by 2 of the following:

8.4.9.1. 2/3 vote of the Circle of Knights, with a 50% quorum

8.4.9.2. 2/3 vote of the Kingdom Althing, with a 50% quorum

8.4.9.2. approval of the Kingdom Monarch.

Item 3: 62 in favor 4 against and 24 abstains , 69% in favor

Item 3) Rank Choice Voting (Corpora Change)

Proposal:

Shall the Kingdom of Westmarch amend its corpora to utilize ranked-choice voting for monarchy elections in which there are more than two candidates for a position?

Current Text:

5.1.2. The winner of any election requires a simple plurality vote. A plurality vote is one in which the winner is determined by receiving more votes than the next highest person/item on the ballot.

Proposed Text:

5.1.2. Elections for positions in the monarchy shall be conducted in a ranked-choice manner, the winner requiring a majority of votes in the final round of voting. Elections to adopt items on a ballot, and all other elections, instead require a simple plurality vote to pass. A plurality vote is one in which the winner is determined by receiving more votes than the next highest person/item on the ballot.

5.1.2.1. In a ranked-choice election, participants mark their preferred candidates in order of preference. Votes are then tallied, and the candidate with the fewest votes is eliminated. Votes are then tallied again, and ballots which would have voted for the eliminated candidate instead count for the candidate ranked next in preference on that ballot. This continues until two candidates remain, whereupon the remaining candidate with the majority of votes is the winner.

Reasoning:

It is in the best interest of the Kingdom to

1. Encourage more candidates for office without fear of vote-splitting
2. Allow voting members the best chance to support a candidate of their choice without fear
3. Allow every voting member's opinion to count in monarchy elections

Additionally, there has been some vocal support for the concept. The argument against it, in the mundane world, has been one of difficulty to implement and tally votes given the large electorate; that is not a problem in Amtgard due to our much smaller voting populace.

Voting Method and margin:

Per Corpora, a Corpora amendment requires a 2/3 majority at an Althing vote.

31 yes votes, the item fails (38 yes votes required for 2/3 majority)

Item 4) Slate Voting (Corpora Change)

Corpora Addition to Section 5 Elections. Proposed text: 5.1.10 - In an election if there are two or more competing groups consisting of the offices of Monarch, Regent, Champion and Guildmaster of Reeves (here unto further referenced as a "slate") voters may choose to vote for their preferred slate instead of individual candidates.

19 yes votes, the item fails (38 yes votes require for 2/3 majority)

Item 5) Order of the Hawk Archery Ladder Award addition (Corpora Change)

Proposed Corpora Amendment

Proposal: Shall the Kingdom of Westmarch amend the Corpora codifying and establishing a new ladder award focusing on the celebration and recognition of tournament archery, The Order of the Hawk?

Proposed Text:

1. Appendix: Order of the Hawk

1.1. Appendix Author

1.1.1. This appendix may only be edited following the standard Corpora Amendment Process as per the Corpora Amendment Process section.

1.2. Order of the Hawk

1.2.1. Orders of the Hawk are awarded for excellent bowmanship in tournaments, with upper tiers designated for multiple archery tournament victories.

i. A 1st order is granted for placing at least 3rd overall in a shire-level archery tournament, or for showing prowess while participating in an archery tournament.

ii. A 2nd order is granted for placing at least 2nd overall in a shire-level archery tournament, or for showing prowess while participating in an archery tournament.

iii. A 3rd order is granted for winning a shire-level archery tournament, for placing at least third (3rd) overall in a barony-level archery tournament, or for showing prowess while participating in an archery tournament.

iv. A 4th order is granted for placing at least 2nd overall in a barony-level archery tournament, or for showing prowess while participating in an archery tournament.

v. A 5th order is granted for winning a barony-level archery tournament or for placing at least third (3rd) overall in a duchy-level tournament.

vi. A 6th order is granted for placing at least 2nd overall in a duchy-level archery tournament or placing at least 3rd overall in a kingdom-level archery tournament.

vii. A 7th order is granted for winning a duchy-level archery tournament or placing at least 2nd overall in a kingdom-level archery tournament.

viii. An 8th order is granted for winning a major kingdom-level archery tournament.

ix. A 9th order is granted for winning a second major kingdom-level archery tournament.

x. A 10th order is granted for winning a third major kingdom-level archery tournament.

1.3. Note: Like Orders of the Warrior, the level of competition and number of entrants in all

tournaments must be considered before handing out Orders of the Hawk above seven. The difficulty of the tournament must warrant the level of order awarded.

1.4. Those who receive their 10th award in this order are eligible to receive the title of "Master Avian/Raptor/Arcuarius/Arcuaria/Arcuarium" – Awarded for consistently winning Archery tournaments at kingdom level as well as displaying the highest level of prowess and skill during combat scenarios in competitive events and games. Consistently displaying themselves as the best of the best and helping others to learn archery safely. These Raptors of the Order are the shining example of what it is to be an archer in Amtgard.

Reasoning: Archers within Westmarch have long wished for an award to show off their skills in a way that is more unique and tailored to their skills, and the grand showing at the archery tournament at 2026 Darkshore has shown a great appetite for Kingdom Level Archery. This amendment is being proposed to allow the various archers of this kingdom be seen and celebrated for the aspects of the game they love and thrive in. This proposal does not establish any path to knighthood
